

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation. This is an issue you failed to address over the past year, and we are now experiencing the negative and predictable consequences. Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. Intelligent Americans care much more about this issue than they care about Janet Jackson's breast. Please do your job as the non-partisan organization you are expected to be. Not forcing Sinclair to either cancel this documentary or to balance it with a mandatory showing of "Going Upriver" or "Fahrenheit 911" will be considered by this citizen and voter to be a clear abuse of power.

Thank you
